

PAIR OF CAST IRON VASES

France

Louis XIV Period, second half 17th century

H. 97 cm - W. 86 cm
(38 3/16 in – 33 13/16 in)

Our pair of Medici shaped vases is made of cast iron with the original patina. The handles are made in scroll shape. The collar border and the base are punctuated with gadroons. A *mascaron* is placed in the center of the two sides of the body, underlined by two drapes connecting to the handles. The middle part is decorated with a raised belt with flowers. The vases rest on circular pedestals ending in a square base.
